Re: Portable Source Relocation Letter  
Permit #: L-089-17927-05196  
MSOP 091-10765-05196

Dear Mr. Critser:

Approval is hereby granted to operate the portable concrete crusher, described in Operation Permit No. MSOP 091-10765-05196 issued on September 21, 1999. This source is to be located at State Road 231 & I-65, Crown Point, Lake County, Indiana. This plant was previously located at the Rieth-Riley Yard at 6001 Hump Street, Hammond, Indiana in Lake County. The site approval for 6001 Hump Street, Hammond, Indiana, was issued on July 16, 2002. The most recent approval (089-17690-05196) was issued on May 12, 2003, to move to another location but the crusher did not move to that site.

Relocation of this plant must take place within 120 days after the issuance of this decision. The enclosed Notice of Decision explains your options to challenge this decision under IC 4-21.5-3-5(f). Pursuant to IC 4-21.5-3-5(f), this approval is not effective until eighteen (18) days from the date of this letter. This approval supersedes all previous site approval letters.

Advance written notice to the Office of Air Quality (OAQ), Air Compliance Section, of start-up is required in order for the OAQ to perform an inspection. If the plant is not operating in compliance with all applicable regulations upon inspection, the plant must cease operation upon notification to you by OAQ staff of such non-compliance. Operations may only resume once remedial actions have been taken and approved by the OAQ.

If you have any questions concerning this relocation site approval, please contact Janet Mobley of my staff at 317/232-8369 or at 1-800-451-6027, press 0 and ask for extension 2-8369.
